Dear Mr. Singh:

RE: Manitoba Hydro 2012/13 & 2013/14 General Rate Application- Proposed Rates Effective April 1, 2013 (Revised)

In its 2012/13 & 2013/14 General Rate Application (“GRA”), Manitoba Hydro is requesting approval of a 3.5% General Consumers’ Revenue increase effective April 1, 2013. On October 3, 2012, Manitoba Hydro amended its Application to also request Public Utilities Board of Manitoba (“PUB”) approval to implement Time-of-Use (“TOU”) Rates for the General Service Large customer class served at greater than 30kV, effective April 1, 2013. Also on October 3, Manitoba Hydro filed rate schedules reflecting the TOU Rates proposal, as well as class-differentiated rate increases to be effective April 1, 2013, in recognition of the revenue/cost coverage ratios (“RCCs”) resulting from the updated Cost of Service Study.

By letter dated November 6, 2012, the PUB confirmed that Manitoba Hydro’s request for TOU Rates and class-differentiated rate increases would be reviewed separately from the GRA, as part of the Cost of Service Study Review process expected to take place in the spring of 2013. Accordingly, Manitoba Hydro has prepared revised rate schedules incorporating an across the board 3.5% rate increase on currently billed rates effective April 1, 2013. Please find the revised rate schedules, proof of revenue, and bill comparisons attached, which supersede Appendix 10.12, 10.13 and 10.14 of the Application.

Hard copies of the Appendices will be distributed, and should be placed in the Application binders accordingly. Should you have any questions with respect to the foregoing, please do not hesitate to contact the writer at (204) 360-3633.

Yours truly,
