

# Electrical Permit Inspection Request and Declaration of Compliance Form

## Request an Inspection

- Manitoba Hydro now offers online booking of inspections and management of all your permit activities through the new ePermit portal at [www.hydro.mb.ca](http://www.hydro.mb.ca).
- You may request more than one inspection at a time; for example, 'consumer service' and 'rough-in' if you are ready for both.
- We will do our best to schedule your inspection(s) as close as possible to your 'Ready for Inspection Date'.
- Please ensure you provide all applicable information in the 'Notes for Inspector' section so enough time is booked for the inspection.
- Please allow 2 business days to schedule your inspection after we receive this form.
- Inspection times are 9 a.m. to 3 p.m. weekdays (excluding weekends and statutory holidays).
- Inspections booked through your ePermit account can be confirmed faster and you will receive a notification when inspections are confirmed.

Please log on to your ePermit account to request an inspection at [www.hydro.mb.ca](http://www.hydro.mb.ca). If you are not an ePermit contractor, mail or drop off your declaration of compliance at a [Customer Service Centre](#) to book your inspection.
