### \* Monthly Billing Demand

The greatest of the following (expressed in kVA)

- measured demand; **OR**
- 25% of contract demand; **OR**
- 25% of the highest measured demand in the previous 12 months.

### Notes

- Rates are effective December 1, 2020, and are subject to change.
- All Rates Schedules in the publication are applied on a MONTHLY basis except as noted.
- Accounts where the Monthly Billing Demand is 50 kVA or less within the past 12-month period, ALL energy in excess of 11,000 kWh will be charged at 6.849 cents/kWh.
- Primary metering of multiple Utility-Owned transformation services has an additional 2% added to the kVA for each transformer bank greater than one. There is also a 1% reduction on recorded demand and energy to account for transformer losses.
