RECIPE
FOR A
MERRY CHRISTMAS
Take the crisp cold of a December night.
Add two generous parts of snow; Stir in air
so clear it tinkles. Into a generous heart, mix the
wonder of a little girl, the sparkle of a young boy's
glance, the love of parents, and set gently before the
chimney side. Add the lightest touch of a reindeer's
hooves, a sprig of holly, a scent of fir. Set the mixture
to rise in the warmth of a dream of goodwill to men. It
will be almost ready to serve when it bubbles with warmth
and good feeling. Bedeck with the light of a star set in the
East, garnish with shining balls of gold, silver and red.
Serve to the tune of an ancient carol in the middle of the
family table.

This recipe is sufficient for all the men and women you will ever meet.
