Dear Mr. Christle:

RE: Manitoba Hydro 2015/16 & 2016/17 General Rate Application

Please find attached nine (9) copies of Manitoba Hydro's Letter of Application with respect to its 2015/16 & 2016/17 General Rate Application ("Application"), pursuant to *The Crown Corporations Public Review and Accountability Act*.

In its Application, Manitoba Hydro is requesting:

- Approval, on an interim basis, of a 3.95% across-the-board rate increase effective April 1, 2015;
- Approval of a further 3.95% across-the-board rate increase effective April 1, 2016;
- Final approval of the 2.75% across-the-board rate increase effective May 1, 2014 that was approved on an interim basis in Orders 49/14 and 51/14; and,
- Approval to implement Time-of-Use rates for the General Service Large customer class served at greater than 30 kilovolts, effective April 1, 2016.

The attached Letter of Application outlines additional approvals being requested by Manitoba Hydro as part of this Application. Manitoba Hydro anticipates filing the remaining Tabs, which provide the supporting materials for the Application on January 23, 2015.

Manitoba Hydro has attached a draft timetable for the Public Utilities Board's ("PUB") consideration which contemplates a public hearing commencing at the end of May, 2015. This timetable reflects a Pre-Hearing Conference ("PHC") on February 5, 2015 where matters such as scope of the proceeding, Interveners' experts and budgets, and timelines are typically discussed.

In order to assist the parties in understanding the Application, Manitoba Hydro intends to host
