

APPENDIX 1A
Applicable Legislation

| Federal Statutes and Regulations | Regulatory Requirement | Actions to Address Requirement |
|--|---|--|
| 1. <i>Canadian Environmental Assessment Act</i> | Sets out project criteria that will result in an environmental assessment of a project. | The project does not require a federal permit or authorization from a responsible federal authority. |
| 2. <i>Explosives Act – s. 7(1)(a)</i> • <i>Explosives Regulation – s. 25.02</i> | Sets out license and possession requirements with respect to user magazines (any building, storehouse, structure, or place in which any explosive is kept or stored). | |
| 3. <i>Fisheries Act – s. 22, 32, 35(1) and (2), s. 37(1) and (2)</i> | No person shall destroy fish by any means other than fishing except as authorized by the Minister or under a regulation. No person shall carry on any work or undertaking that results in the harmful alteration, disruption, or destruction of fish habitat. | Hydro will follow Fisheries and Oceans Canada (DFO) "Overhead Line Construction Operational Statement". As required, Hydro will seek a Letter of Advice to ensure mitigation measures are in place such that there will not be a requirement for a section 32 authorization or a section 35(2) authorization under the Fisheries Act. An environmental protection plan will be in place to ensure compliance. |
| 4. <i>Migratory Birds Convention Act – s. 5, 5.1</i> | Except as authorized by Regulation, no person shall without lawful excuse be in possession of a migratory bird or nest. No person shall deposit a substance or permit a substance to be deposited in any place frequented by migratory birds if the substance is harmful to migratory birds. | Best management practices will be undertaken to prevent contravention of the Act. |

| Federal Statutes and Regulations | Regulatory Requirement | Actions to Address Requirement |
|---|---|--|
| 5. <i>Navigable Waters Protection Act</i> – s. 5(1), 5(2), 5(3), 5.1(1), 5.1(2), 5.1(3), 6(1), 13 | No work shall be built, placed in, on, over, under, through or across any navigable water without the Minister’s prior approval of the work, its site, and the plans unless the work falls within a class of works, or the navigable water falls within a class of navigable waters, established by regulation or statute. | No part of the project will be built, placed in, on, over, under, through or across any navigable water in such a way as to interfere with navigation. |
| 6. <i>Species at Risk Act</i> – s. 32(1), 33, 34(2) | <p>No person shall kill, harm, harass, capture, or take an individual of a wildlife species that is listed as an extirpated species, an endangered species or a threatened species.</p> <p>No person shall damage or destroy the residence of one or more individuals of a wildlife species that is listed as an endangered species, a threatened species or an extirpated species.</p> | Measures will be undertaken to ensure compliance and avoid any potential harm to Species at Risk Act listed species. |

| Provincial Statutes and Regulations | Regulatory Requirement | Actions to Address Requirement |
|--|--|--|
| 1. <i>The Climate Change and Emissions Reductions Act</i> | Purpose is to address climate change, to encourage and assist Manitobans in reducing emissions, to set targets for reducing emissions, and to promote sustainable economic development and energy security. | |
