5 Since 2006 the Commercial General Liability (“CGL”) insurance policy has included both gas and
6 electric operations. In 2006 the combined value of the CGL premium costs was pro-rated to
7 reflect gas at 55% and electric at 45%, which was the individual premium cost for the two
8 separate operations in 2005 before they came under one combined policy in 2006.

22 The prior CGL policy was based upon a three year agreement that was to end in 2018 at an
23 annual premium charge of \$ [REDACTED]. [REDACTED], presented the option of renewing
24 in 2017 for a new three year period at a reduced premium of \$ [REDACTED]. That option was
25 accepted at an annual premium saving of \$ [REDACTED]. Please see Attachment 1 for the certificates
26 of insurance.
